**Unkind Week Set Aside For Burglars**

This week will be "Unkind to Burglars Week."

The period starting Sunday, April 29 and ending May 5, has been designated National Burglary Prevention Week.

And the more than 6,000,000 people of Los Angeles County are urged not only to be unkind but downright uncooperative and rude to burglars.

SHERIFF PETER Pitchess listed some of the things the citizens can do to drive burglars out of business:

- Keep your homes lighted at night. The Los Angeles County Sheriff's Department "Burn a Light" campaign started last November, has clearly demonstrated that a lighted home deters burglars. Prowlers also give well lighted areas a wide berth.
- Arrange with neighbors to pick up papers and keep your lawn trimmed when going on vacation. Unkept lawns and cluttered doorsteps are a tip-off to burglars that you are away.
- Close and lock your garage doors. An empty garage says all too plainly that no one is home.

"THERE IS NO such thing as a burglar-proof home," Pitchess said. "But simple, reasonable precautions can reduce the loss people have suffered in past years from burglaries. Above all, keep your local law enforcement agency informed when you expect to be away for a number of days or weeks."

**Mumps, Measles Showing Gains In Local Area**

Mumps and measles pulled into a three-way tie with scarlet fever among reportable diseases on record in Torrance for the week ending April 21, according to the County Health Department.

Three cases of each of the three diseases were reported to the local office from Torrance, it was reported. Other reportable diseases on record during the week included one case each of epilepsy, aseptic meningitis, and strep infection.
